Forget about the days it's been cloudy,
but don't 4-get the hours in the sun.
Forget about the times you've been defeated,
but don't 4-get the victories you have won.

4-get about misfortunes you've encountered,
but don't 4-get the times your luck has turned.
Forget about the days you've been lonely,
but don't forget the friendly smiles you've seen.

Forget about the plans that didn't seem
to work out right, but don't forget to
allways have a dream!

Jen Keefe & Nancy Brooks - "Brooksie" and "Keefie" have been a duo for a long time. These two have come from elementary school all through high school together; playing soccer and even working together "Together Forever"? We hope so, it's been ten years now.

Kevin Horne & Kevin Leonard - These two have more than just their names in common. These two inseparables share the same likes in music, "politics" and other friends. At the "88" reunion these two will probably walk in together.

Bill Fitz - It's not unusual to see someone good-looking or athletic or intelligent, but to see these qualities all rolled into one, such as with Bill, it's something to take notice of.

Most Studious

Jay Miller - By taking a good look at Jay's grades and his report card it's obvious that he spends a lot of time "hitting" the books.

Life of The Party

Scott Carroll - Just a wild and crazy guy... Quite a dresser too, hey!?
Heather Forrest - Heather's "passion for partying" is well known among her wide circle of friends. Who will forget her attempt at the "Hawaiian Luau"?

Class Rebel

David Foster & Dawn MacKay - When a picture is worth a thousand words.... Just look at these two! Need we say more?

Apple Polishers

Kevin Horn & Jill Pullen - There's one in every class, but to have two is a little much to handle. Both Kevin and Jill always seem to be the first to answer a question, the first to give a compliment, and the first to hand over that polished apple.

Best Combination

Michael McCauley - Some people have all the luck, Mike's good looks and brains, make him a great combination of many things.
Michelle McGrath - Nobody is perfect, but it's easy to see that Michelle comes pretty close. Her beauty and brains combine to make her someone that others wish they knew better.

Best Legs
(for roaming the halls)

Bob Avitable & Jodi Petrie - Here, there and everywhere; if you're looking for Bobby or Jodi the first place you should look is in the hall. It's obvious that Bobby's main problem is "keeping still". It could also be said that Jodi does more running in the corridor than on the basketball court!!

Highway Menace

Bobby Avitable & Patti Collins - Bobby and Patty's numerous mistakes are quite well known. Their hair-raisers and boulevard bungles make everyone look both ways and back again before crossing.

The past season was an exciting one in which our football team was far superior to their record of 4-6. Close games often decided as in the final moments of play was a common occurence. Coach Webber thanks the team, coaching staff, cheerleaders, and parents for all their efforts.

Softball

There will be nine players from the 1987 Softball Team (11-9) who will make up the nucleus of the 1988 team. This years' team should do extremely well due to the return of so many experienced players. Heading the list will be senior co-captains and league all-stars pitcher Terri Ahlstrom and catcher Jen Brown. Senior Right fielder Julie O'Leary and Shortstop Dawn Healy will be starters for the third year in a row. These girls will be joined by Nancy Brooks, Nancy Hutchins, Stephanie Buhl, Nora Meaney and Kristen Reed each of whom were key contributors last year.
